Was management review of the SMS completed? (3.1.5.2)				
If equipment or chemicals have changed, was a new indoor air quality review conducted? (4.5.2)				
Was an air emission assessment or an assessment review completed in the last two years? (4.5.1)				
Was a comprehensive energy audit or an audit review completed in the last two years? (4.15.2)				
Was the sustainability metrics form updated to reflect current year data? (4.1)				
Does your logo use conform to Logo Use Guidance document?				

A "No" response violates SGP Certification – if you answered no to any of the above, please explain:

Continuous Improvement Project Summary

Provide your SMART Goal (Section 3.1.3.3.1 of the SGP Criteria).

Smart: Clear definition of what you are trying to achieve

Measurable: Measurable so that you have tangible evidence of completion

Achievable: Goal should be well defined so that you can achieve and reach completion

Results-Focused: Goal should measure outcomes not activities

Timebound: Goal should be linked to a time frame that creates a practical sense of urgency.

Provide the results of your CIP SMART goals from the past reporting period including:

- Key objective statements (3.1.3.3.2)
- Baseline metric (3.1.3.3.3)
- Actions taken to achieve goal (3.1.3.3.4)
- If possible, please include any monetary savings or benefits due to achieving this goal.

Please provide your SMART Goal for next reporting year (3.1.3.3.1):

Certification - Must be signed by the Responsible Corporate Official at the facility

I certify that this SGP Facility is in compliance with all the requirements of the SGP program and that we have made any necessary changes to our SMS to maintain our SGP certification. All necessary reports have been made to the SGP Partnership. I understand that failure to accurately report any information or misuse of the SPG Logo is grounds for dismissal from the SGP Program.
