

# DOUBLE THE BENEFITS FOR FOR WISCONSIN PRINTERS

## GREEN TIER

It is now easier for Wisconsin printers to be recognized under two premier sustainability programs, **Wisconsin Green Tier** and **Sustainable Green Printing Partnership (SGP)**. Printers seeking local and national acknowledgment of their commitment to be a sustainable business can be certified by both Green Tier and SGP through a streamlined process. The common evaluation criteria, audits, and reports make it easy for Wisconsin printers to gain more benefits for their sustainability efforts.

## WHY PARTICIPATE IN BOTH?

### Green Tier

Wisconsin-based program that recognizes superior environmental performance of Wisconsin organizations. Participants have:

- **deferred civil enforcement**
- **potential regulatory flexibility and streamlined permits**
- **positive image, marketing advantage.**

a primary contact for easy, direct access to the WI Department of Natural Resources

- ability to **reduced risks and costs**
- ability to **improve employee and process efficiencies**

### SGP

Certifies sustainable business practices in the printing industry. Its multi-faceted program assures a more sustainable supply chain and promotes continuous improvement. The easy-to-use, cloud-based SGP Impact Tracker monitors and illustrates progress. SGP facilities have:

- **reduced operational costs**
- **fewer regulatory requirements**
- **a valid means to leverage sustainability efforts**
- **recognition from print buyers, suppliers and others.**

**Get a competitive edge by becoming a sustainability leader!**
