

How to Review and Comment on the following two criteria documents:

DRAFT SGP Certified Criteria 5.0

DRAFT SGP Certified Leader Criteria 1.0

1. Download and review each of controlled drafts posted on the official SGP public-review page.
2. Focus each comment on a specific criteria draft and specific criteria section whenever possible; cite criteria section and page.
3. State the issue, concern, clarification need, or recommended change clearly.
4. Provide a statement why the change would improve technical accuracy, clarity, feasibility, sustainability performance, auditability, or implementation.
5. Provide suggested replacement wording when practical.
6. Submit materially different issues as separate comments.
7. Provide name, organization/affiliation, and contact information so SGP can acknowledge and close the comment.

Submit comments no later than **October 10, 2026**, through the official channel.

What Happens After Submission

SGP will assign each substantive submission a Comment Reference Number, log it, and route it for technical evaluation. Comments will be reviewed, considered and acknowledged.
